SUMMARY

Final-year CS student specializing in full-stack development (MERN Stack) and AI integrations. Built an AI-powered interview platform with real-time feedback, JWT authentication, and OpenAI API deployed and live. Seeking a Software Engineer role to contribute to scalable, product-focused engineering teams.

EXPERIENCE

Software Operation Integrator

Skymart Express India

Jul 2025-Aug 2025

Zirakpur, Chandigarh | On-Site

- Assisted development and maintenance of internal web-based tools.
- Supported issue analysis and troubleshooting in live systems.
- Collaborated with technical teams to improve system workflows.

Lead Campus Ambassador

Beyond Exam

Jan 2023-Apr 2023

Mumbai, Maharashtra | Remote

- Conducted sessions on portfolio building and UX principles for peers
- Introduced WordPress for creating accessible and user-friendly websites.

PROJECTS

AI Interview Platform | *MERN Stack, OpenAI API, JWT Auth, Prompt Engineering*

[Demo](#)

- Built an AI-powered interview platform that generates role-specific questions using resume parsing and prompt engineering.
- Implemented real-time AI evaluation system providing feedback, scoring, and performance insights on user responses.
- Developed scalable MERN architecture with secure authentication and interview session tracking.

Personal-Portfolio-Website | *React.js, Vite, Tailwind CSS, GSAP*

[Demo](#)

- Developed a fast and responsive portfolio using React.js and Vite, with a clean component structure for easy scalability.
- Implemented smooth, high-quality animations using GSAP and designed an elegant UI with Tailwind CSS and Lucide Icons.

SidCup-Family-Golf | *HTML, CSS, JavaScript*

[Demo](#)

- Developed a responsive multi-page website with sections for adventure golf, lessons, and bookings.
- Designed interactive UI elements with smooth navigation to improve user experience.
- Implemented booking forms with validation to ensure accurate user input.

EDUCATION

Dronacharya College of Engineering

Bachelor of Engineering in Computer Science

Gurugram, Haryana

2026

Kendriya Vidyalaya No.1

Intermediate(HSC)

Patna, Bihar

2022

TECHNICAL SKILLS

Languages: Java, JavaScript, HTML/CSS, SQL

Frameworks: React.js, Node.js, Express.js, FastAPI

Databases: MongoDB, MySQL

Tools: Git, GitHub, VS Code, Postman, RestAPIs

CERTIFICATES

- NPTEL (Programming in Java) | Elite | Score: 98% – [Link](#)
- NPTEL (Cloud Computing) | Elite | Score: 75% – [Link](#)
- Udemy (Java Masterclass 2025: 130+ Hours) – [Link](#)
- Udemy (Master Spring Boot 3 & Spring Framework 6 with Java) – [Link](#)
